From the Building-Steering Ministry Team:

As you may have observed in our financial reporting, the Prayer Chapel designated fund has reached its goal of \$83,000 due to your generous contributions. This cost estimate was based on the original plan from late 2006 and has not yet been updated for inflation or construction adjustments. In the meantime, if you continue to feel led to contribute to the fund, the donations will be maintained in this account and used for this purpose as updated plans proceed. The latest news on the chapel planning progress and other Building-Steering Ministry Team topics are posted every week for your convenience in the office foyer.
